

# ANGIODYNAMICS STEM

(Science, Technology, Engineering, Math)

## WOMEN IN TECHNOLOGY AWARD

### General Information

The progress of women in the last century has dramatically increased the opportunities available to women, yet women's participation in positions of leadership in science, technology, engineering and math continues to lag behind.

The goal of the Zonta STEM (Science, Technology, Engineering and Math) Scholarship is to encourage more young women to pursue a higher education degree in the stem fields, while also encouraging leadership achievements in these fields and a dedication to the advancement of the status of women.

To empower more women to be represented in key decision-making positions worldwide, we must encourage young women to pursue careers, or seek leadership positions in science, technology, engineering and math and further their education with these aims in view.

### The Award \$500.00

AngioDynamics is a leading provider of minimally invasive medical devices used by professional healthcare providers for vascular access, surgery, peripheral vascular disease and oncology. Led by President and CEO Jim C. Clemmer, the global company has facilities in the United States, Europe, Asia and Latin America, and currently reaches more than 50 markets via direct sales and distributors.

AngioDynamics is a company with a rich history that's defined by its innovation and growth.

Since its founding on February 9, 1988 as a division of E-Z-EM, AngioDynamics has earned the trust of the medical community. It's a trust built by being a committed partner with a continuous focus on the development of innovative medical devices that address unmet patient needs and a supporter of the medical community's mission to deliver improved patient outcomes. Benefiting from a rich history that's deeply rooted in the heart of "Catheter Valley," the birthplace of Phillip Morse's Morse Manifold invention in Queensbury, New York, AngioDynamics has grown through its many phases to become an industry-leading provider of high-quality medical devices used by physicians for the treatment of cancer and peripheral vascular disease around the world.

# Zonta Club of Glens Falls Scholarship Program

**Who is Eligible?** Currently enrolled female senior high school or undergraduate college students living in or attending college within the Zonta Club of Glens Falls region geographical boundaries, at the time of the application who demonstrate evidence of the following, are eligible to apply.

- Acceptance/Enrollment in a STEM (science, technology, engineering, math) curriculum at an accredited college or university (including community college). <http://ope.ed.gov/accreditation> provides a listing of accredited schools.
- U.S. Citizen or permanent resident
- Evidence of strong high school academic preparation for study in a STEM related field or
- Strong Academic Achievement (3.00 CGPA on a 4.00 scale) in college course work

## Application Requirements

- Completion of the official application
- Receipt of official high school/ college transcript
- Official verification of current enrollment in a STEM program (if not verified on the official transcript)
- Two confidential recommendations from adults, not related to the applicant, such as teachers, school officials or community leaders
- All needed documents received by the stated deadline

Supporting documentation that is not requested will not be considered. All applications and supporting information become the property of Zonta Club of Glens Falls which has final authority over any aspect of the scholarship selection process.

## Application and review process

All application materials must be submitted to the Zonta Club of Glens Falls Scholarship Committee and received at the Zonta designated address by the application deadline. All information requested and received will be reviewed by the application committee. Consideration will be given to the high school academic preparation, or the current college academic record, the demonstration of commitment to a STEM-related career, the level of experience in STEM-related activities, the volunteer and community involvement, and any understanding of Zonta International and its programs.

**Scholarship payment:** Payment of the scholarship will be made to the student after proof of current enrollment is available.
